TRANSFORMING HOSPITALITY DESIGN THROUGH POWERFUL COLLABORATIONS

WHY YOU SHOULD JOIN HI DESIGN EUROPE

Meet the right people

We only invite the decision makers with confirmed hotel projects; no time wasters! Private meetings with your best prospects and ample opportunity to meet others during the event.

Save time and money

How much time, effort and money would you have to spend to get in front of these hotel project leaders? We deliver hotel projects specifiers all over Europe in once place ready to listen.

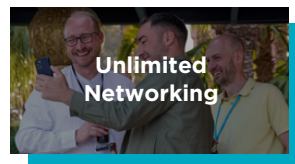

Straight to the specifiers

You've got the hotel project specifiers away from their daily distractions so they can focus on you and your products.

Limited competition

We limit Supplier company places. This means limited numbers in your product category which means less competition and more hotel projects for you!
