EMPOWERING COGNITIVE LIVING IN SAUDI ARABIA

The inaugural Smart Cities Saudi Expo was officially opened on 24th September 2024 by H.E. Prince Dr. Faisal bin Abdulaziz bin Ayyaf, Mayor of Riyadh Region and Chairman of the Board of RIPC.

A total of 417 exhibitors participated, representing 31 countries. The show featured 12 participating country pavilions which included China, Egypt, Germany, Greece, India, Italy, Qatar, Spain, Turkey, USA, United Kingdom & UAE.

The event attracted 21,307 buyers and specifiers, with key disciplines represented by urban planners, software and IT professionals, cybersecurity consultants, cloud architects, data analysts, IoT experts and many others.

The event featured 39 CPD certified sessions and Smart Cities Saudi Summit, led by 93 speakers. These sessions were attended by 1,542 industry professionals, each earning points towards their annual training and development quota.

The show floor included leading international solution providers covering, IoT, 5G Drones, Robotics, Artificial Intelligence, Big Data and Digital Economy.

EXHIBITOR AND SPONSOR TESTIMONIAL

We found the Smart Cities Saudi Expo highly relevant to our company and aligned with our goals in the IoT ecosystem. The event's themes, targeted audiences and thoughtfully curated panel discussions directly support our objectives and areas of interest.

Vaneet Mehta
Vice President & Regional Head, MECAA, Tata Communications

SMART CITIES SUMMIT OVERVIEW

The Smart Cities Summit brought senior private and public sector stakeholders together to collaborate and deep dive into the challenges and opportunities around Saudi Arabia’s smart city evolution. These inspiring conversations, panel discussions and immersive learning experiences support the government’s ambitious Saudi Vision 2030 targets of providing its citizens with cities of the future.
