ORGANIZED BY:

WWW.GLOBALINFRASTRUCTUREEXPO.COM

A premium hub for industry stakeholders to source solutions and foster Idea sharing

Global Infrastructure Expo, formerly Saudi Infrastructure Expo, brings together the full infrastructure value chain including thousands of industry professionals and leading brands to connect and grow their businesses. It supports project planning and accelerates asset completion while providing market access to international businesses.

Infrastructure is of strategic importance to the government given the rapidly expanding population, an abundance of opportunities in areas such as transportation, communications, smart cities, water, waste and power for local and international solution providers. Participating companies meet decision-makers with spending power.

This comprehensive event is the ultimate business development hub and a gateway to Saudi Arabia, a country with a diverse and rapidly growing economy undergoing extensive change in line with its Vision 2030 infrastructure objectives.

The event is co-located with Smart Cities Saudi Expo, a niche event empowering cognitive living in Saudi Arabia.

EXHIBITOR TESTIMONIAL

Saudi Infrastructure Expo is a significant event in Saudi Arabia, showcasing the latest advancements and innovations in the infrastructure industry. As a leading company in this sector, Hassan Allam Holding is excited to participate and share our expertise. We believe this platform offers valuable opportunities for collaboration and growth, aligning with our commitment to excellence and development in the region.

Managing Director at **Hassan Allam Holding**

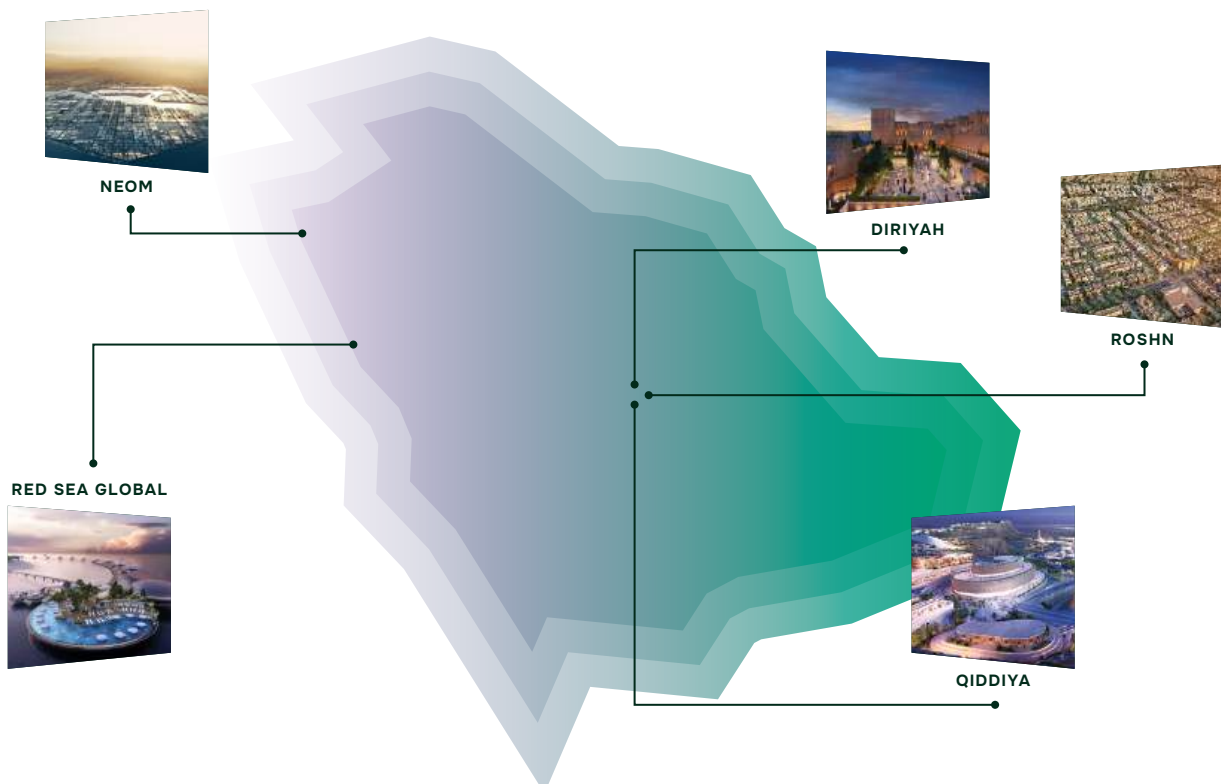

Tangible business opportunities arising from Saudi Arabia's sustained investment in infrastructure projects valued at \$1 trillion (Source: ABIQ)

Step into a lucrative market poised for significant expansion

An abundance of large-scale projects spanning across the Kingdom are planned and underway spurred by a powerful vision, rising public demand and multibillion dollar government-backed investments. This marks a significant milestone, realizing job creation and economic diversification all while delivering business growth opportunities for companies operating in the infrastructure sphere. The landscape is further changing as Saudi Arabia recently won the bid to host Expo 2030 in Riyadh and the nation's recent confirmation that Saudi Arabia will host the 2034 FIFA World Cup.

Giga-Projects:

NEOM

NEOM is a futuristic, planned cross-border city and economic zone in the northwest of Saudi Arabia, envisioned to be a hub for innovation, technology and sustainable living. NEOM aims to become a leading global center for various industries, including renewable energy, biotechnology and tourism.

Red Sea Global

The Red Sea Project is a visionary tourism development along the Red Sea coast of Saudi Arabia, aiming to create a luxury destination featuring pristine beaches, vibrant coral reefs and diverse marine life. Designed to enhance sustainable tourism, the project seeks to balance environmental conservation with the creation of high-end resorts and leisure facilities.

ROSHN

A national real estate developer powered by the Public Investment Fund. ROSHN provides aspirational living, presenting a complete city experience in communities boasting unique designs and best-in-class facilities. ROSHN is committed to achieving the Vision 2030 goal of 70% home ownership in the Kingdom.

Qiddiya

Qiddiya is a massive entertainment and leisure project under development near Riyadh. Envisioned as a cultural, recreational and sports destination, Qiddiya aims to offer a diverse range of attractions, including theme parks, sports facilities and entertainment venues.

Diriyah Company

The Diriyah project is a Saudi Arabian initiative focused on the restoration and development of the historic city of Diriyah, a UNESCO World Heritage site. This ambitious project aims to transform Diriyah into a cultural and tourism destination, preserving its historical significance while incorporating modern amenities and infrastructure.

Invite-Only Strategic Summit for Government Officials, Project Owners, Utility Providers and Consultants

The Global Infrastructure Summit, organized by dmg events and the Riyadh Infrastructure Projects Center, convenes senior stakeholders from the private and public sectors to collaborate and address the challenges, opportunities and complexities of the Kingdom's infrastructure ecosystem.

Through engaging conversations, thought-provoking debates and immersive learning experiences, the summit advances the ambitious goals of Saudi Vision 2030. It also plays a pivotal role in driving the government's efforts to develop next-generation infrastructure, ensuring it meets the needs of a growing population and delivers futuristic cities for its citizens.

infra360
sessions

Attracting a highly qualified audience seeking meaningful takeaways

By hosting these CPD-certified sessions, the event attracts professionals seeking career growth. Hear inspiring case studies and proven best practices that result in meaningful takeaways. All sessions are delivered by industry experts and provide deep insights to help deliver more sustainable projects to a higher standard on time and within budget.

 **EXHIBITOR & SPEAKER TESTIMONIAL**

We have the exposure to all the infrastructure supply chain. We are building water desalination plants, building power stations and other infrastructure projects. Our aim is to be more exposed to the contractors and the partners who will assure we have the right technical partners to pursue opportunities.
